#### EVENT LOCATION

*Southern Charm Events*  
534 Waterford Glen Way  
Rock Hill, SC 29730

\*Through soft tissue coagulation.

The Potenza radiofrequency system is intended for use in dermatologic and general surgical procedures for electrocoagulation and hemostasis. Potential side effects include temporary redness, temporary tingling, and burning sensation while receiving treatment. Like all medical procedures, not all patients are suitable for the treatment. Talk to your medical provider about the risks and benefits of this procedure. A qualified practitioner is solely responsible for evaluating each subject's suitability to undergo treatment and for informing those being treated about any risks involved with the treatment, pre-and postoperative care, and any other relevant information. Individual results may vary and are not guaranteed.
